

Summary

- UI/UX Designer with hands-on experience delivering user-focused digital solutions through strategic thinking and modern design practices. Skilled in translating complex requirements into intuitive interfaces using wireframing, prototyping, and user-centered design methodologies. Strong expertise in web and mobile interface design, dashboard systems, and responsive layouts with a focus on usability, accessibility, and visual consistency. Proficient in Figma and collaborative design workflows, ensuring seamless communication between design and development teams. Passionate about creating impactful experiences that balance business goals with user needs.

Work Experience

1. Zonixtec IT Services Pvt. Ltd. | Pune

6/10/2025 - 30/6/2026

UI/UX Designer (On role)

 - Designed end-to-end UI/UX for multiple live products across healthcare, admin systems, mobile applications, and web platforms – owning the full design process from wireframes to developer hand
 - Designed complete UI/UX for Nirmal Healthcare – a live homeopathy clinic website with appointment booking, treatment pages, and patient management
 - Developed wireframes, high-fidelity designs, and interactive prototypes using Figma.
 - Built full Admin Panel & Dashboard – including structure, workflows, data tables, and interface layouts for multiple projects
 - Designed Swami Cab – a mobile taxi booking application for airport transfers, local and outstation rides
 - Focused on usability, responsive design, and user-centered interface solutions.
2. Blue Pearl Health Tech Pvt. Ltd. | Pune

23/12/2024 - 24/03/2025

UI/UX Designer (Internship)

 - Designed Pathkind Lab UI – one of India's largest diagnostic lab chains with nationwide presence
 - Created high-fidelity wireframes and interactive prototypes for lab booking and test management interfaces
 - Mapped detailed user flows for seamless patient navigation and enhanced user experience
 - Used Figma and FigJam extensively for design, collaboration, and developer handoff
3. Infoshard Technologies Pvt. Ltd. | Pune

12/04/2024 - 13/10/2024

UI/UX Designer (Contract)

 - Led UX design for a global CAD community platform, conducting research and delivering responsive, tested interfaces.
 - Designed responsive wireframes, interactive prototypes, and reusable UI components
 - Conducted user research and usability testing to identify pain points and improve design decisions
 - Focused on creating a Behance/Dribbble-style portfolio experience tailored for engineering professionals

Skills

- Design Tools: Figma, Adobe XD, Photoshop, Illustrator, Miro,Trello, Jira,
- UX Skills: Wireframing, Prototyping, User Research, User Flows
- UI Skills: Visual Design, Interaction Design, Interface Design, User flow
- Collaboration: Developer Handoff, Design Documentation, Agile Workflow, Stakeholders interview
